

Week 12: November 5 - 9

Registration continues.

Do a self-assessment. Are you sticking to your study plans? Are you making healthy choices? Is there anything that needs more of your attention?

You will start getting emails for classroom evaluations. The sooner you do these the sooner the emails will stop!

If you are not going home for break, connect with those who are also staying. See what cool things you can do while you are here!

The fall break is a great time to get organized and start studying for finals.

Good Luck!!
