

Week 8: October 8 - 12

You've probably had one or more midterms by now. Keep honing your test preparation skills and review your grades! Use your Canvas what-if grade tool.

Start thinking about next semester classes.

GET READY for FALL 2018

Meet with your advisor. Find the classes you need. Register early.

Set up an appointment with your advisor to talk about registering for spring classes (The earlier you do this, the better!)

Academic Advisor Kyle assists Milly with scheduling.

Check your Student Center for any holds that may prevent you from registering.

IT'S OK TO FEEL STRESSED. TAKE A BREATH. YOU'VE GOT THIS. YOU CAN DO IT.

Good Luck!!
