2011-2012 EMPLOYMENT OPPORTUNITIES in MARINE SCIENCES

Attention Students: If you are of junior or senior standing, eligible for financial aid, and interested in the marine sciences, this program can offer you a position that enhances your career goals under the COAST research work study program.

Who May Apply: You must be of junior or senior standing in your major (by fall 2011) and currently working on a research project with a faculty member in marine sciences or planning to work with a faculty member on marine research. Priority consideration will be given to students who have completed the 2011-12 Free Application for Federal Student Aid (FAFSA) by March 2, 2011.

Application Process:
- Your advisor must verify on the application form below that you will have at least junior standing in your major by Fall 2011.
- The faculty member directing the research in which you will participate must verify your role in their research program.
- In addition, you must submit a 100-250 word description of the research and how that experience will support your career goals.
- Applications must be received by March 30, 2011. Materials should be submitted to: Dr. James Howard, Telonicher Marine Laboratory, P.O. Box 690, Trinidad, CA 95570

Basis of the Award: A selection committee will review all applications by April 15, 2011, and Financial Aid will review each applicant for eligibility. Selection will be based on the quality of the written description of the research and career goals, as well as the student’s GPA. Those awardees selected will be notified by April 30 of the level of support provided for Fall/Spring semesters of 2011/12.

Name: _____________________ HSU ID: ______________________
Major: _____________________ Cumulative GPA: ______________________
Class Standing: Junior Senior (select one) Advisor’s verification: ______________________
Name of Faculty Research Mentor: ______________________ Mentor verification: ______________________
