Dr. Frank Watson, Biography

Professor Frank Watson was a member of the HSU Business Administration faculty from September 1, 1965 to August 20, 1972. As attested to by Po Chung, a former student, Professor Watson inspired his students to achieve excellence in business practice by setting high personal standards of ethical conduct and civic responsibility.

To show his appreciation for Professor Watson's contributions to his personal business success, Po Chung funded the development of the Frank Watson Case Studies Room and endowed the Watson Lecture Series in Business Ethics Endowment in 1990.
