Places Frequented for Spiritual and Religious Activities* by the Latino Community of Del Norte, Humboldt & Mendocino Counties, CA

Methods: During 2006-07 54 key informant interviews were conducted with people > age 18. Participants included individuals who work closely with the Latino community, health providers who serve Latinos, and Latino community leaders throughout the Mendocino (N=20), Del Norte (N=14) and Humboldt County (N= 20) region. Trinity County was not included in this study due to the small percentage of Latinos living in the county (4.0 % of tot. pop.).

* Data generated from CCRP Latino Project, Q16(e): Where do members of the Latino community most often go for spiritual and religious activities?

**Frequency = Number of times a particular location was mentioned.

Note: Informants could name multiple geographic locations. The qualitative analysis sought to identify multiple themes and codes for each question asked. Therefore, the number of codes does not reflect the number of people interviewed, but rather the range of responses provided for each question.
