

Wireless Printing is Here!

Over the Summer, ITS has implemented the wireless version of pay-for-print. Now you can print over the wireless network to the printers in Library 122 and on the 3rd floor of the BSS building (outside of BSS 313) as easily as if you were in a computer lab. Your C-Card will be charged in the usual way, and the same provisos apply about refunds and making sure to print the correct documents.
