

Web Server Outage

Last Updated: September 25, 2012 - 8:28am

System: Campus Web Sites

Status: Available

Issue start: Sep 25 2012 - 01:55

Estimated resolution time: Sep 25 2012 - 02:38

Who is affected: All Central Web Users

Affected in what way: The Web Server has been unavailable for the duration of the outage

Workaround: None

What happened: The MySQL and Apache servers On Central Web were degraded, likely due to an external brute force attack. Both were restarted, which re-established proper functionality.
