

Network connectivity in BSSB Forum

Last Updated: May 15, 2013 - 10:55am

System: Campus Data Network

Status: Available

Issue start: May 15 2013 - 11:45

Estimated resolution time: May 15 2013 - 12:10

Who is affected: Any network user in the BSSB Forum

Affected in what way: *** Service is restored *** The Network connectivity in the BSSB forum is likely to go up and down while the UPS connection is moved.

Workaround: None.

What happened: **** UPS is now on house power. Service should be restored. Will report back when the UPS has new batteris. *** The batteries in the UPS have died. TNS is working to move power to house power until we can update the batteries in the ups.
