The Redwood Coast Tsunami Work Group sponsors exhibits at North Coast County Fairs and provides information on how to make sure you and your family are safe before the next earthquake or tsunami strikes. This year’s exhibits will include lessons from the major earthquakes of the past few years including the 2011 M 9 Japan earthquake. Pick up copies of the newly updated tsunami maps for the North Coast and the new edition of *Living on Shaky Ground: How to Survive Earthquakes and Tsunamis in Northern California*. This 32 page earthquake and tsunami preparedness magazine features:

- The Seven Steps to earthquake and tsunami readiness
- The earthquake and tsunami hazards of Northern California
- Lessons from past earthquakes and tsunamis

Our largest faults, however, have been quiet in historic times.

- Cascadia subduction zone earthquakes will produce strong ground shaking and trigger tsunami waves that may reach coastal communities within minutes!
- Strong earthquakes will isolate communities by damaging roads and cutting communications.
- Knowledge and preparedness saves lives, reduces losses and speeds up recovery.

Even earthquakes far away can wreak havoc when tsunamis hit our coasts.

The Earthquake and Tsunami Exhibit provides clear instructions on what to do before, during, and after an earthquake or tsunami to protect yourself and your loved ones, reduce losses and recover quickly!

How you can help:

1) Financial Contributions: Donations are needed for displays, materials and room staffing. Contributions are tax deductible, and are acknowledged in the room at the Fair. See back for information on how to contribute.

2) Day Sponsors & Volunteers: Many local businesses and agencies have helped to sponsor a day at the Fair by providing volunteer “Local Experts” to answer questions from the public about the displays and the hazards of our area. Large signs at the room entrance acknowledge our Day Sponsors.

Past Fair supporters include:

- Bureau of Land Management
- Busch Geotechnical Consultants
- CA State Coastal Commission
- Calif. Geological Survey
- California Geographic Alliance
- Cascadia GeoSciences
- College of the Redwoods
- Del Norte County OES
- Dell’ Arte Education Through Arts
- Eureka Fire Dept.
- Humboldt Association of Realtors
- Humboldt County Parks
- Humboldt County Health Dept.
- Humboldt County Sheriff’s Dept. OES
- Humboldt State University
- Mendocino Emergency Services Authority
- North Coast Emergency Medical Services
- North Coast Schools Insurance Group
- Northern California Safety Consortium
- Pacific Gas & Electric Co.
- Pacific Watershed Associates
- Recreation and Conservation District
- Redwood National and State Parks
- SHN Consulting Engineers and Geologists
- Winzler & Kelly Consulting Engineers
- Humboldt Bay Harbor, Recreation and Conservation District
- Cher-Ae Heights Indian Community of the Trinidad Rancheria
- Professional Engineers in California Government
- California Department of Water Resources

A week of food and water for a family of four

Find out about the GREAT CALIFORNIA SHAKEOUT – a statewide earthquake drill on October 18, 2012.
YES, WE CAN HELP!

Contributions:
Please fill in the information below and send it with your check to:
Geology Department
Humboldt State University
#1 Harpst Street
Arcata, CA 95521

Enclosed is our contribution to the 2012 County Fairs Exhibits:

Contribution: ___________________
Name ___________________
Address ___________________
Phone ___________________

Please make your check out to: Humboldt State University, and note Tsunami Room on the bottom of the check.

Donations are credited to the Earthquake Center Trust Account at the Humboldt State University Foundation. All donations are tax deductible.

Contact Lori Dengler (826-3115, lad1@humboldt.edu) if you have any other questions.

About the Redwood Coast Tsunami Work Group:
The Redwood Coast Tsunami Work Group brings together government agencies, tribes, service groups and the private sector to mitigate earthquake and tsunami hazards in Northwest California, and to reduce loss of life.

Prepare – Survive – Recover

Peace of Mind in Earthquake Country
2012 Earthquake-Tsunami Room
Del Norte County Fair August 2 – 5
Humboldt County Fair August 16 – 26

KNOWING WHAT TO DO BEFORE THE NEXT EARTHQUAKE OR TSUNAMI STRIKES:

• Puts you in the driver’s seat and gives you the power to control the outcome of an unexpected event!

• Develops the skills to be an earthquake and tsunami survivor.

• Gains you the satisfaction that you have done everything you can to make your loved ones safe!

In 2009, the Redwood Coast Tsunami Work Group was recognized with an Award in Excellence for innovations in earthquake hazard reduction by the Western States Seismic Policy.
