

# Film, Media and Science Education

## Institute Application

During the **Film, Media and Science Education Institute** we will explore the use of a variety of media in science education and discuss appropriate use, basic tenets of media, pre-production treatment and script development as well as develop model units of study which make use of media for science education. We will also explore the production aspect of documentary film and podcast creation for education with the goal of building the skills necessary to develop media. Advanced track participants will build on prior work in collaboration with the California Environmental Legacy Project.

- AUDIENCE:** **Teachers, Scientist and Filmmakers** – interested in examining and creating film and other media to be used for science education.
- DATES & LOCATIONS:** **July 25-29, 2011** Humboldt State University and the Humboldt County region
- UNITS AVAILABLE:** Optional 2 semester HSU units per institute are available, ask for details.
- FEE:** \$ 395 (Regular Fee), \$245 (Students and K-12 Partner Fee)
