826-4142

Please promote study abroad to your students. There are many different types of programs in many locations around the world. The two main points to stress to students are:

- Early planning early is essential (freshman year is not too early!)—some application deadlines are up to 9 months prior to departure.
- Students must attend an Informational Meeting before making an appointment with an Advisor. Meeting times can be found here: www.humboldt.edu/goabroad

The following are brief descriptions of the types of study abroad programs offered at HSU:

## Bilateral Exchanges Programs

Bilateral Exchanges Programs are reciprocal partnerships between Humboldt State University and universities abroad. HSU students pay fees and tuition to HSU, but do not pay tuition fees at the host University. Students from these partner universities come to HSU to study. All financial aid can be used on these programs.

- Transfer credit
- $  
- App. deadlines (starting fall 2015): April 15th for fall departure, Sept. 15th for spring

## CSUIP Yearlong Programs

CSUIP Yearlong Programs are system-wide programs in 15 countries around the world. All financial aid can be used on these programs.

- Resident credit
- $  
- App. deadlines: Dec. 1st (HSU deadline) for fall departure, May 1st for Australia and S. Africa.

## HSU Summer Faculty Led Study Abroad Programs

HSU Summer Faculty Led Study Abroad Programs are developed at HSU and offer HSU courses—some of which are taught by HSU faculty. There are programs in many countries including Costa Rica, Poland, Belize, Dominican Republic, and Mexico.

- Resident credit
- $  
- App. deadlines: Various

## Third Party Provider Programs

Third Party Provider Programs are programs approved by HSU and developed by an outside provider. Students have more choices of location and length of program. Not all financial aid can be used on these programs.

- Transfer credit
- $$  
- App. deadlines: Various
